## *Coach's Corner – Online Learning - Off and running again!*

Good afternoon MCS families and friends,

We are off and running during this third and hopefully final building closure. A big thank you to our teachers for making the transition to online learning again. This has not been easy and the care and love you show to your students has never been more evident than now. **Thank you!**

Also, thank you to all parents in our community. Without you supporting our teachers at home, seeing our students grow during this time away from our building, would not be possible. Our community has done an amazing job during the past thirteen months. We will get through this together and there is light at the end of the tunnel.

As we embark on this 3rd wave together, I pray for the safety of our community. Should you need anything, please let me know. I'd love to chat!

Online learners in action!

*Blessings,*

*Mr. Martin*
