## Coach's Corner - Robotics Competition

Good afternoon friends and families of MCS,

Congratulations to our robotics team! For the last few months, 10 of our students have been working hard preparing for the First Lego League robotics

competition. I am happy to report that they finished 3rd overall out of approximately 20 teams. They also finished first in the robotics performance category, won the engineering excellence award, and qualified for provincials in January!

Thank you to Ms. Magat and Ms. Dors for their hard work as well.

Look at our community! We had a busy week with donations coming in every day. On behalf of the Random Acts of Kindness Club, Food For Life, and Milton Bible Church, we say a huge THANK YOU to every one of you! Because of you, we have provided food to many individuals and families who need a little help this Christmas season. Way to go, Lions!
