Coach's Corner – Celebrating the beauty and creativity of our God!

As we head into the final week of February, we are nearing the end of Black History Month. In Canada, this is an important time to reflect and honour the contributions of Black Canadians and learn more about African cultures and history.

Throughout the school, students have explored Black History Month in a variety of wonderful ways. Through the creation of displays, study projects, poetry, and even the creation of a quilt, it's been a great time of learning and discussion amongst our community.

I encourage you to ask your children about some of the projects and activities they participated in to continue your conversations and celebrations at home. I want to leave you with this quote from a [great article by Tia Gaines](#) that I encourage you to check out:

“We are all fearfully and wonderfully made, and we all bear the image of our Creator. This makes it possible and probable that diversity is reflected in our history and the building and establishing of American (and Canadian) culture and traditions. Cherishing and celebrating these things is a way of celebrating the beauty and creativity of our God.”

Blessings,

Mr. Martin
