Coach's Corner – Robots arriving at the school next week!

Good afternoon friends and families of MCS,

I am so excited for next week! Zebra Robotics has wrapped up coding with our students in Grades 1-8 and are starting robotics next week. I look forward to sharing the amazing things our students are learning at the school with you. If you have not already, please follow MCS on Facebook or Instagram to keep up with what is happening around the school.

Additionally, MCS has invested significantly in STEM learning this year. We have dozens of robots arriving at the school next week! If you would like to donate towards the purchase of these robots, you can send a donation to payments@miltonchristianschool.com and make the password donation. Donations of \$20 or more are eligible for a tax receipt.

Tomorrow is a PA as our teachers prepare report cards. I wish you a wonderful weekend and see you on Monday!

Blessings,

Mr. Martin

Grade 3 worked hard to make a card and basket of treats for our Milton snowplow drivers who worked tirelessly to clear the snow last week!

3

Grade 5 participated in a Fur trade game to better understand interactions between First Nations and early explorers.

Thank you for reading the *Connector*!
