Coach's Corner – Community gathering!

Good afternoon friends and families of MCS,

Thank you to all those who attended our membership meeting on Tuesday night. It was a night filled with lots of information and a night to celebrate many of our staff's years of service.

Also announced at our meeting was a popsicles in the park get together on June 9th, at Rotary Park from 3:30pm-5:45pm. We hope you can join us for this community gathering! Please [click here](#) for more information.

MCS CLASS OF 2022

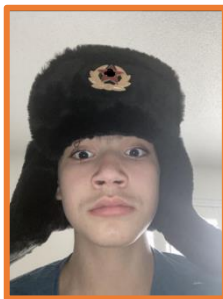

Hello, I am Tessa Gillham and I'm in Grade 8. My favorite memory from MCS is from Grade 8. It was when a lot of students were missing from our class so Mr.B took only 5 of us to Mill Pond. When we got there, we found a dead fish in the water and tried to pick it up. Behind us, an older man was laughing at us! After that, we went for a walk along the pond, and we saw baby geese and I challenged a goose and it hissed at me! Later, we saw two people catch a rainbow trout! They were super surprised, and it was funny to watch! On the way back home, we talked, told stories, and laughed the whole time.

Hello MCS, I'm Lily from the Grade 8 class of 2022. My favorite memory from this school was in Grade 5 when Edward got stuck between the fence and a block of ice. Another one of my favorite memories was in Grade 7 we went out into the parking lot, and we had a "campfire". We made smores and homemade native bread. I will miss seeing all my friends from MCS and all the fun things we did during the school year. I will also miss making jokes with the class every day. I am going to Milton District High School next year.

Good day, I have decided to focus this on my cross-county meet. I have been to 4 meets, 2 in fifth grade and 2 in sixth grade. Going to the meets was a fun experience. I had never previously gone to an athletic event. However, the second event was extremely fun because the terrain was better. I played games with the other participants after and before the race. The 6th grade meets were more fun because I had competed previously, and I recognized the track. I will miss my classmates because they made the classes more interesting. I will also miss staying in a single class and not moving around. **Edward**

My years in MCS were interesting, although I've only been here for 2 years. One of the memories I want to remember is when we went to the millpond when more than half of our class was missing. It's not the part that half of our class was missing that I liked, but it was fun going to the pond near our school with just a few of us. We walked on a small trail near a flowing river. As we walked, we saw some baby geese, a baby chipmunk, a dead fish sunk in the water, and a couple fishing a giant rainbow trout. There also was a pond beside us and it was very fascinating. I will miss all the other memories when I leave MCS. When I start attending Elsie MacGill in September, I hope

I make good memories there too. *Esther*

Watch out for more class of 2022 next week!
