Coach's Corner – Thank you!

Good afternoon friends and families of MCS,

Thank you to everyone that attended our school auction on Saturday night. It was a lot of fun!

As we approach the final two weeks of the school year, we have a busy schedule ahead of us. Membership meeting, graduation, report cards and more! Looking forward to a strong and busy finish to the school year.

MCS CLASS OF 2023

One of my favourite memories at MCS is playing cards during recess. There was a week where some of the students in Grades 7 & 8 sat around a picnic table and played cards. We would play games of cheat and war. It was really nice to just talk about life and laugh as a group. The week before had been really difficult, so this was a welcome break. This is one of my favourite

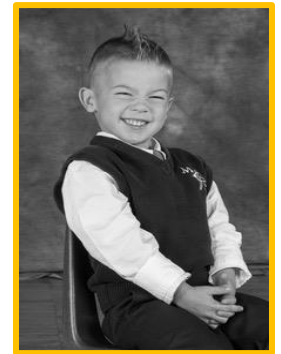

*memories because of how friendly people were during the week. I will always remember these moments as I go off to high school and beyond as a stress-free spot in the day. **Corrie***

*My name is **Jonas**, I have been at MCS for my whole life. Something I am thankful for is having bible class with Mr. Danielson. My favorite memory at MCS is when I met my best friend in grade 6. Something I will miss about MCS is all the teachers that cared for me throughout my time in MCS. Something else I will miss about this school are my friends, the fish we got to feed and take care of and taking apart and putting those things back together. After MCS I am going to TDCH which stands for Toronto District Christian High. In that school, I think I will feel welcomed and cared for.*

Something I am excited for in high school is STEM that stands for Science, Technology, Engineering, and Math. That is basically were they use laser cutters, 3D printers, all types of saws, and use all kinds of wood, and Lumber.

During the 3 years I spent at Milton Christian School, I have had many memories. I really enjoyed the Phys.Ed periods we had, the events, and all the sports competitions that I participated in. My favorite sport this year, being badminton. A memory that stood out the most to me, during the school year was taking part in the Boys Doubles Badminton Tournament, with my teammate Cole. I am still shocked that we won Silver! I really liked playing and competing alongside my classmates, and I am thankful that they were

*so welcoming when I first came to the school. I will miss them, and the teachers at M.C.S when I go to Bishop Reding Catholic High School next year. **Mason***
