## *Coach's Corner* – Spring is a time of growth.

Spring has arrived! As the temperature warm up and the day light lasts longer, this is always my favourite season. Everything from going outside more to watching my garden grow, spring is an inspiring time for me.

Spring is a time of growth. It often reminds me how each of us as people are always growing. And of course, as a school we are growing as well. Not just in numbers but also as a community. It has been a lot of fun to see this school grow over the last five years. I am looking forward to the continued growth of our school and students.

*This week, the grade 5 class had their bridges' strength and stability tested by Mrs. Gillham. The grade one class had also recently completed a unit on structures, so they came to watch the testing!*
